The executive committee (exco) assesses the performance of operating segments based on recurring headline earnings. Recurring headline earnings are headline earnings calculated in accordance with the South African Institute of Chartered Accountants (SAICA) Circular 4/2018; however, adjusted to exclude once-off gains and losses, as well as the resulting taxation charge or credit thereon. During the period under review, non-recurring items related solely to the once-off reversal of a deferred tax liability.

CURRO

NOTES TO THE FINANCIAL STATEMENTS

1. STATEMENT OF COMPLIANCE

The condensed consolidated interim financial statements for the six months ended 30 June 2019 have been prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council, and also, as a minimum, contain the information required by IAS 34 Interim Financial Reporting, the Listings Requirements of the JSE and the requirements of the Companies Act of South Africa, as amended. The results have not been reviewed or audited by the Company's auditors. The condensed consolidated interim financial statements have been prepared internally under the supervision of the Chief Financial Officer, B van der Linde, CA(SA) CFA.

2. ACCOUNTING POLICIES

The accounting policies applied in the preparation of the condensed consolidated interim financial statements are materially consistent with those of the annual financial statements for the year ended 31 December 2018, except for the mandatory adoption of IFRS 16 Leases which became effective 1 January 2019. Please refer to the change in accounting policy note below for further information.

3. BUSINESS COMBINATIONS

Effective 1 January 2019, Curro acquired Creston College in KwaZulu-Natal and Sagewood School in Gauteng.

4. CASH-FLOW HEDGES

R million	Jun 2019	Jun 2018	Dec 2018
Fixed-for-variable interest rate swap liabilities	21	9	9

The interest rate swap agreements are measured using mark-to-market rates by the issuer of the instruments, representing a Level 2 fair value measurement for financial reporting purposes.

5. CHANGE IN ACCOUNTING POLICY

IFRS 16 Leases was adopted using the simplified approach with the date of initial application being 1 January 2019. The incremental borrowing rate as opposed to the interest rate implicit to the lease, was applied across all leases. Comparative figures were not restated with the cumulative effect of initially applying the standard instead recognised at the date of initial application as an adjustment to opening retained earnings.

6. CORRECTION OF PRIOR PERIOD ERROR

Our prior year interim results published in August 2018 contained no adjustments from the first-time adoption of IFRS 9 Financial Instruments and IFRS 15 Revenue from Contracts with Customers.

Subsequent to publishing our interim results we have done additional assessments for our year-end results. The aforementioned assessments resulted in the following changes on our Group statement of financial position and statement of comprehensive income for the results ended 30 June 2018.

R million	June 2018	Change	June 2018 (restated)

The restatement impacted cash generated from operations and working capital movements but had no impact on net cash generated from operating activities.

Review of results

For the period ended 30 June 2019, Curro's learner numbers increased by 13% from 50 691 to 57 173, increasing revenue by 19% from R1 240 million in 2018 to R1 480 million.

Schools EBITDA (earnings before interest, taxation, depreciation, amortisation and head office expenditure) increased by 20% from R409 million in 2018 to R491 million for the period under review, with Group EBITDA increasing by 21% from R342 million to R415 million. The improvement in the EBITDA margin from 27% to 28% is due to increased efficiencies and capacity utilisation.

Net finance costs increased by 49% from R73 million to R109 million as a result of long-term interest-bearing debt increasing from R2 310 million to R3 195 million and the impact of IFRS 16.

A once-off permanent reversal of a deferred tax liability of R53 million has decreased the effective tax rate to 2%. Headline earnings increased by 44% from R143 million to R206 million during the reporting period. Recurring headline earnings which excludes once-off charges increased by 7% from R143 million to R153 million. Headline earnings per share increased by 44% from 34.8 cents to 50.0 cents whilst recurring headline earnings per share increased by 7% from 34.8 cents to 37.1 cents.

New campuses and expansions

Curro will invest R223 million in the establishment of four new campuses (five schools) at Curro New Road in Midrand (a Digi-Ed campus and a Curro Private College), Curro Delft (a Digi-Ed campus) and Curro Academies at The Blyde (Pretoria-East) and in Mbombela.

Major expansion projects are underway at Curro Vanderbijlpark, Building Blocks, Curro Hillcrest Academy and Curro Academy Pretoria. The estimated investment for expansion and replacement of assets for 2019 is R1 billion.

Balance sheet and funding

Curro has a strong balance sheet with quality, increasing cash flows which covers the Group's ability to service debt. The interest service cover ratio for Curro (EBITDA/Net Finance costs (including capitalised interest)) was at three times which is well ahead of internal targets. Gearing levels (debt/equity) increased from 45% to 58% and will continue to be conservatively managed. Curro has also refinanced R850 million debt due for repayment in September 2020 with a 5-year bullet repayment loan that is now only repayable in 2024.

Directorate

With effect from 1 May 2019, Barend Petersen and Hennie Louw have resigned from the Curro Board. The Board thanks both Barend and Hennie for their meaningful contributions as directors.

The Board is pleased to welcome Tsholofelo ("Tsholo") Molefe to the Board and looks forward to her contribution. Tsholo is a CA(SA) and is the Chief Financial Officer at Telkom SA SOC Ltd. Tsholo has also been appointed as a member of the Audit and Risk Committee with effect from 1 May 2019.

Zandile Nangamsi Mankai ("Nan"), who is a member of the Audit and Risk Committee, assumed the chairpersonship of that committee with effect from 1 May 2019.

Dividends

No interim dividend was declared for the period under review (30 June 2018: Nil).

Prospects

The Board believes Curro is positioned for growth and will focus on increasing utilisation of the existing school infrastructure capacity in the short to medium term. Curro will also reduce capital outlay on greenfield schools over the medium term.

The long-term prospects of the Company remain positive in terms of profitability and the contribution it will make towards the sustainable long-term development of South Africa and beyond.
